Bright. Bold. Brilliant. The world around us is full of color. From the cars we drive to the appliances we buy, we choose the colors that reflect our personal style. Don’t overlook the power of using color on your roof to help coordinate exterior accents like paint, trim and even landscaping. If you’re looking to add more drama to your home or give it a knockout new look, you’ll be amazed at the difference that TruDefinition® Duration® Designer Colors Collection Shingles can make - they offer brilliant impact and curb appeal like you’ve never imagined. And when your home’s elements work in harmony, the look will be undeniably spectacular.

**Duration® Designer Shingles Offer:**

- A Limited Lifetime Warranty* for as long as you own your home
- The protection of a 130-MPH wind warranty*
- The high-performance of SureNail® Technology
- A TruDefinition® Color Platform
- StreakGuard® Protection with a 10-year Algae Resistance Limited Warranty*†
The SureNail® Difference — A technological breakthrough in roofing.

The innovative features of Owens Corning® TruDefinition® Duration® Designer Colors Collection Shingles with patented SureNail® Technology offer the following:

**Excellent Adhesive Power**
Helps keep the shingle layers laminated.

**Outstanding Grip**
The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond®** sealant for exceptional wind resistance of a 130-MPH wind warranty.*

**Breakthrough Design**
Patented SureNail® Technology is the first and only reinforced nailing zone on the face of the shingle.

**“No Guess” Wide Nailing Zone**
This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see strong, durable fastener zone.

**Triple Layer Protection**
A unique “triple layer” of reinforcement occurs when the fabric overlays the two shingle layers, called the common bond area.

**Double the Common Bond**
SureNail® features up to a 200% wider common bond area in the nailing zone over standard shingles.

---

**The Finishing Touch**

**Owens Corning® Hip & Ridge Shingles**
Owens Corning® Hip & Ridge shingles are uniquely color matched to the Duration® Designer Colors Collection Shingles. The multiple color blends are only available from Owens Corning® Roofing and offer a finished look for the roof.

Whether you’re on a multiple-step journey to a total home exterior make-over, or are just getting a new roof, our Design EyeQ® visualization tool lets you try on different Owens Corning® shingles as well as experiment with other exterior or accent colors. Upload a photo of your home or use one of our model homes.

Our Duration® Designer Colors Collection Shingles are so uniquely beautiful that they’ll help you think about color and texture in a whole new way. Each shingle is made up of several color granules that inspire imaginative color palettes. Each color provides an opportunity to unify all of your home’s details, like brick, stone, paint, shutters, siding, stucco and more.

If you’re looking for design ideas, we’ve developed color palettes for you. See a few shown in this brochure or find more at roofingfashioncolors.com.

Your Exterior Design coming to Life

Design Flexibility
See how the same Duration® Designer roof color, SUMMER HARVEST, can easily go with three different exterior color palettes.

* See actual warranty for complete details, limitations and requirements.
† Tru-Bond is a proprietary premium weathering-grade asphalt sealant that is blended by Owens Corning. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.
‡ Tru-Definition® Duration® Shingles
§ The amount of Triple Layer Protection® may vary on shingle-to-shingle basis.
†‡ 40-Year Limited Warranty on commercial projects.
§ Applies for all areas that recognize a Miami-Dade Notice of Acceptance (NOA).
§ Excludes non-Owens Corning® roofing products such as flashing, fasteners, pipe boots and wood decking.
1 StreakGuard® Algae Resistance Technology is not available in the Compton and Denver service area.
For patent information, please visit www.owenscorning.com/patents
SureNail® Technology is not a guarantee of performance in all weather conditions.
SureNail® Technology is available only on Owens Corning® Duration® Series Shingles.
Shingles are algae resistant to help control the growth of algae and discoloration.
