INTRODUCTION

Thank you for your recent purchase of Owens Corning® roofing shingles and components manufactured by Owens Corning Roofing and Asphalt, LLC ("Owens Corning"). We believe we manufacture the highest quality and most attractive Roofing System ("Roofing System") available anywhere, and that is why we stand behind them with one of the best warranties in the industry. We have attempted to write this warranty in clear, plain English terms, so you will fully understand the warranty we are making to you. If anything in this warranty is not clear to you, please call us at 1-800-ROOFING or visit our web site at www.owenscorning.com/roofing.

WHO IS COVERED

To be entitled to the benefits of this System Protection Limited Warranty: (1) your property must be located in the United States or Canada and (2) you must be either (a) the original consumer purchaser (the property Owner, not the installer or contractor) of a complete Owens Corning Roofing System, as defined below, by Owens Corning Roofing and Asphalt, LLC and be in accordance with the "Eligibility Requirements For This Warranty" below or (b) the first person to whom the original purchaser transfers this warranty along with ownership of the structure on which the shingles are installed (either person described in (a) or (b), "Owner"). In addition, the entire Roofing System must be installed by an Owens Corning Roofing Platinum Contractor or an Owens Corning Roofing Preferred Contractor according to Owens Corning application instructions. The Roofing System is comprised of Owens Corning® shingles and accessory products. The Products ("Products") which comprise the Owens Corning® Roofing System are Owens Corning® shingles, Owens Corning® VentSure® ventilation, Owens Corning® Hip & Ridge shingles, and Owens Corning® Underlayment, listed below, Owens Corning® Starter shingles and Owens Corning® Self-Adhered Ice & Water Barrier products, listed below. For detail regarding transferring this warranty, please see "Transferability of This Warranty".

ELIGIBILITY REQUIREMENTS FOR THIS WARRANTY

1. Your Roofing System must be installed by a Platinum or Preferred Contractor who shall install the roof as per the specifications outlined in 2–5, below and this warranty must be registered by your Platinum or Preferred Contractor with Owens Corning within 60 days of the installation;

2. Your Roofing System must cover the entire structure and be installed over a ventilated roof deck. Incomplete roofs installed on a portion of a building do not qualify nor do roofs installed over non-ventilated decks. Your Roofing System must be installed according to application requirements published by Owens Corning and in accordance with local building code requirements which are in effect at the time of installation.

3. Your Roofing System must be installed over a clean roof deck with all existing roofing material and debris removed. Including, but not limited to, felt, ice and water membrane, raised nails, flashing materials for chimneys, skylights, soil pipe boots, ridge and off-ridge vents, etc. Repairs must be made to any damaged areas such as loose or cracked mortar on chimneys or rotten wood decking. Deck material must meet the following dimension tolerances: 6" minimum width, 25/32" minimum thickness roof deck boards, 3/8" minimum thickness plywood sheathing or 7/16" minimum thickness OSB (oriented strand board panels). Deck spacing cannot exceed 1/4" between roof boards or between plywood or OSB sheathing.

4. For your roof to qualify as a complete Roofing System, you must have purchased and installed Owens Corning® shingles, and Owens Corning® Hip & Ridge shingles. Owens Corning® Hip & Ridge shingles include Berkshire®, DecoRidge®, DuraRidge®, ProEdge®, RIZERidge® and WeatherGuard® HP (Exception: If your roof has Supreme® shingles, Owens Corning® Hip & Ridge is not required. In addition, you must purchase and install any 2 of the 4 products listed below (one product from each category where applicable):

   a. Owens Corning® VentSure® Ventilation products: If a VentSure® product is used it must be part of a balanced air ventilation system consisting of both functional intake and exhaust ventilation products. If a VentSure® intake vent AND VentSure® exhaust vent are both used, this will count as 1 of the 3 requirements. This warranty excludes electrical components of the VentSure® Solar Attic Exhaust Fan and VentSure® off-ridge exhaust vents.

b. Owens Corning® Underlayment products including Owens Corning® Deck Defense® High Performance Roof Underlayment, ProArmor® Synthetic Roof Underlayment, RhinoRoof® U20, Titanium® UDL25, Titanium® UDL30, or Titanium® UDL50, Titanium® X30 Synthetic Roof Underlayment or FiBERGLAS® Reinforced Felt.

c. Owens Corning® Starter Shingle products; and

d. Owens Corning® WeatherLock®, Titanium® or RhinoRoof® Self-Adhered Ice & Water Barrier products.

Exception: If your roof has Supreme® shingles, Owens Corning® Hip & Ridge is not required. If you don't use Owens Corning® Hip & Ridge listed above then you must use one component from each of the 4 categories (a-d).

5. All details and flashings are to be installed as per Owens Corning requirements and in accordance with all generally accepted good roofing practices (using ARMA and NRCA standard application guidelines) and in compliance with the above-listed Eligibility Requirements numbered 1 through 4.

Exceptions to the "Eligibility Requirements For This Warranty" section may be made in Owens Corning's sole discretion and must be approved in writing by Owens Corning prior to Roofing System installation.

WHAT IS COVERED

We warrant that your Owens Corning® Roofing System is free from any manufacturing defects that (1) materially affect their performance on your roof during the TRU PROtection® period or that (2) cause leaks during the balance of the applicable warranty period after the TRU PROtection® coverage period has expired. (To determine the length of the TRU PROtection® coverage period and the balance of the applicable warranty period, please see “How Long Are You Covered?” below and the “Limited Warranty Information Table” at the end of this warranty).

This warranty applies only to those shingles purchased after January 1, 2020 and before the date a later warranty applicable to the shingles comes into effect.

This warranty does not cover non-Owens Corning® roofing components such as flashing, fasteners, pipe boots and wood decking.

HOW LONG ARE YOU COVERED

ALL IMPLIED WARRANTIES APPLICABLE TO YOUR SHINGLES OR ROOFING SYSTEM ARE LIMITED IN DURATION TO THE TRU PROtection® COVERAGE PERIOD APPLICABLE TO SUCH PRODUCTS, AS PROVIDED BY THIS WARRANTY, UNLESS A SHORTER PERIOD IS PERMITTED BY APPLICABLE LAW. SOME STATES OR PROVINCES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

The length of your warranty depends on the type of Owens Corning® Shingles you purchased. See the “Limited Warranty Information Table” at the end of this warranty for the specific warranty period that applies to your Shingles. If you make a claim under this warranty which results in a repair of your roof, this warranty will be unaffected, as long as the repair is done by a Platinum or Preferred Contractor, and will continue to provide you with coverage on your entire Roofing System provided that Owens Corning® Products are used in the repairs. However, if you make a claim which results in your entire Roofing System being removed and replaced, this warranty will be void. If new Owens Corning® Shingles are installed, you will then receive an Owens Corning® Standard Product Limited Warranty. However, if you once again install an entire Roofing System, you will be eligible to purchase a new System Protection Limited Warranty, (or other Premium warranty), as long as the new Roofing System is installed by a Platinum or Preferred Contractor per the “Eligibility Requirements For This Warranty” above.

1. TRU PROTECTION® PERIOD

From the installation of the shingles through the TRU PROtection® coverage period of this warranty, Owens Corning will compensate you to either repair, replace or recover defective Products, including the cost of tear-off, and disposal subject to certain limitations. See the “Limited Warranty Information Table” at the end of the warranty for specific TRU PROtection® periods that apply to the Owens Corning® shingles you have purchased. Owens Corning reserves the right to arrange directly for the repair or replacement of your Products instead of compensating you directly. This compensation is limited as follows:
A. If Owens Corning decides to replace the shingles, Owens Corning will compensate you only for the cost of replacement Owens Corning® shingles and the labor directly required to replace the defective shingles, both as reasonable determined by Owens Corning.

B. If Owens Corning decides to repair or recover the shingles, Owens Corning will compensate you only for the cost of the labor directly required to repair or recover the defective shingles as reasonably determined by Owens Corning.

C. The TRU PROtection® coverage period does not apply to wind and algae coverage. Please see “What About Wind Resistance” and “What About Algae Resistance” below for applicable coverage.

Under this System Protection Limited Warranty, all Owens Corning® Products (see “Eligibility Requirements For This Warranty”) with the exception of the electrical components of the VentiSure® Solar Attic Exhaust Fan and VentiSure® off-ridge exhaust vents share the TRU PROtection® period concurrent with the shingle installed. At the expiration of the TRU PROtection® period, all Products revert to the coverage specified by their standard warranties.

Under the System Protection Limited Warranty, if a cut Owens Corning® Supreme® Shingle is used instead of Owens Corning® Hip & Ridge shingles, the warranty and TRU PROtection® period for the Supreme® Shingle is 15 years. The Owens Corning® Supreme® Shingles do not assume the warranty term for shingles used on the balance of the roof, unless the entire roof is installed with Supreme® Shingles. The TRU PROtection® period does not apply to Wind and Algae coverage. Please see “What About Wind Resistance” and “What About Algae Resistance” below for applicable coverage.

2. PRORATED PERIOD

During this prorated period, we will provide prorated compensation of the costs of the defective Owens Corning® products, but no other costs will be covered, and we will take into account the number of full years of use you have enjoyed from the original installation date through the date of your claim, and reduce the amount of our Compensation to you accordingly.

We will prorate the amount of our Compensation to you to adjust for the number of years you have enjoyed from the original installation through the date of your claim. For example: If you have a 25 year warranty and you make your claim anytime in the 15th year of the warranty, our Compensation to you will be reduced by 14/25ths of the Owens Corning® Product cost at the time of purchase. For lifetime shingle coverage (for as long as Owner owns the home on which the Roofing System is installed), see the “Limited Lifetime Shingle Proration® Table” below. Owens Corning reserves the right to arrange directly for the repair or replacement of your Products instead of compensating you directly.

3. OTHER TYPES OF STRUCTURES

The coverage for all Owens Corning® shingles offered by this warranty depends on the structure on which the shingles are installed and the owner of the structure. Lifetime coverage for all Owens Corning® shingles applies only to single-family detached homes where the owner of the roof is the resident occupying the home. In the instance of shingles purchased or installed upon property owned by others, for example, corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums, homeowners’ associations, or cooperative housing arrangements, or installed any other structures (for example, on apartment buildings or any other type of building or premises not used by individual homeowners as their residence, the warranty period for Oakridge® shingles will be 40 years and all other lifetime shingles will be 50 years from the original installation date of the shingles, and the TRU PROtection® period will be 20 years. Please see the “Limited Lifetime Shingle Proration® Table” below for the prorated formula after TRU PROtection® coverage expires for lifetime shingles.

4. EXCEPTIONS

All of Owens Corning’s obligation of Compensation under this warranty whether for repair, replacement recover or refunding a prorated portion of the cost of the defective Owens Corning® Products are subject to the limitations provided by this warranty.

5. WHAT ABOUT WIND RESISTANCE

Your shingles contain asphalt sealant that requires direct warm sunlight for several days (Thermal Sealing) in order to seal properly. If your shingles are installed during a period of cool weather, they may not adequately seal until the weather warms, and if your shingles never receive direct sunlight or are not exposed to adequate surface temperatures, they may never achieve Thermal Sealing. Prior to your shingles achieving Thermal Sealing, your shingles are more vulnerable to blow-offs and wind damage. This is the fundamental nature of shingles and not a manufacturing defect, and we are not responsible for any blow-offs or wind damage that might occur prior to Thermal Sealing having occurred. After your shingles have achieved Thermal Sealing, however, they will be covered under this warranty if they experience blow-offs or wind damage in winds (including gusts) up to the levels and for the period from the original installation date (“Wind Warranty Period”) listed in the “Limited Warranty Information Table” listed in the chart at the end of this warranty.

HOWEVER, THE COVERAGE AGAINST SHINGLE BLOW-OFFS OR WIND DAMAGE IS IN EFFECT FOR A PERIOD OF 15 YEARS FOR LIFETIME SHINGLES, AND 5 YEARS FOR SUPREME® SHINGLES, FROM THE ORIGINAL DATE OF INSTALLATION.

Owens Corning will be liable only for the reasonable cost of replacing blown-off shingles and Owens Corning® Hip & Ridge shingles, if applicable (to include material and labor during the applicable TRU PROtection® warranty period) and the reasonable cost of manually sealing the unsealed shingles remaining on the roof. Owens Corning is not responsible where the damage or blow-offs are caused by damage to the underlying structure. Please refer to the “Transferability of This Warranty” below for applicable transfer coverage.

6. WHAT ABOUT ALGAE RESISTANCE

If the shingles that you purchased were not specifically labeled as “Algae Resistant” (AR), then any discoloration caused by algae is not covered by this warranty as explained in “What Is Not Covered” below. However, if you did purchase AR shingles, they are covered for the period described in the “Limited Warranty Information Table” at the end of this warranty following the date of installation (“AR Warranty Period”) against brown-black staining caused by growth of cyanobacteria Gloeocapsa magma algae. We do not cover the effects of other growth such as mold, lichen, and green algae. If brown-black staining occurs during the AR Warranty Period, you will be entitled to the following remedy:

a. Remedy for Algae Growth—If your AR shingles are discolored by cyanobacteria algae growth during the first year of the AR Warranty Period, we will compensate you for the cost, including labor (such cost not to exceed the cost of the AR shingles plus the cost of installation), as reasonably determined by Owens Corning, to repair, replace or recover the affected AR shingles. For purposes of this AR shingle warranty, the term “repair” as used above refers to cleaning or otherwise removing any algae growth from affected AR shingles. Decisions regarding whether your AR shingles should be repaired, replaced or recovered will be made solely by Owens Corning.

b. Proration—If your AR shingles have been installed longer than 1 year, labor will not be covered and compensation will be limited to a prorated amount of the cost of the affected AR shingles. We will prorate your compensation to take into account the number of full years of use that you have enjoyed from the original installation date through the date of your claim. For example: If you make your claim anytime in the 4th year of the AR warranty and the AR Warranty Period is 10 years, our compensation to you will be the amount of the cost of the affected AR shingles reduced by 3/10ths of the cost of the affected AR shingles.

NOTE: In dry regions with limited rainfall, copper released by algae resistant shingles can cause excessive corrosion to aluminum gutters. In these regions, Owens Corning recommends using vinyl gutters and will not be liable for any damage that may result from using aluminum gutters with algae resistant shingles.
