Supreme® Shingles

Our three-tab shingles offer everything you need in a great roof—curb appeal, weather resistance, solid value and durability. In addition to a 60-MPH Wind Resistance Limited Warranty* and Class A UL Fire Rating—the industry’s highest—Supreme® shingles have a 25-Year Limited Warranty.* Visit owenscorning.com/roofing to learn more.

- 25-Year Limited Warranty*
- 60-MPH Wind Resistance Limited Warranty*
- Class A UL Fire Rating
Similar to the energy-efficient appliances in your home, roofing products can help provide energy-saving qualities. Owens Corning® ENERGY STAR® qualified shingles can help reduce your heating and cooling bills when installed properly. These shingles reflect solar energy, helping to decrease the amount of heat transferred to a home’s interior — and the amount of air conditioning needed to keep it comfortable. Actual savings will vary based on geographic location and individual building characteristics. Call 1-800-GET-PINK® or 1-888-STAR-YES for more information.

**ENERGY STAR® IS FOR ROOFS TOO**
In a premium offering of Supreme® Shingles, there are COOL Roof Collection colors that are specially designed to reflect the sun’s rays, helping to make your home more comfortable and energy efficient.

Cool Roof Requirements in California and Other Compliance Programs

Additional Features of COOL ROOF COLLECTION colors:

- Meet the prescriptive Cool Roof requirements of California Title 24, Part 6
- Are Cool Roof Rating Council (CRRC) rated
- Meet City of Los Angeles Cool Roof requirements
- Meet Property Assessed Clean Energy (PACE) financing program requirements
- May help lower household energy consumption by keeping the roof cooler; also may help decrease CO₂ emissions

The most important part of the roof?
All of them.

It takes more than just shingles to protect a home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning® Total Protection Roofing System™ gives your customers the assurance that all of their Owens Corning® roofing components are working together to help increase the performance of the roof — and to enhance the comfort and enjoyment of those who live beneath it.
