2019 SHINGLE COLOR OF THE YEAR

# BLACK SABLE

CHARMINGLY  
**WARM** YET  
DRAMATICALLY  
**BLACK**  
TO CRAFT A SIGNATURE STATEMENT

Deep and dark, with an air of mystery. Is it black or is it brown? Black Sable brings a dramatic flair to an architectural classic. A predominance of black granules layered with gray, umber and sable, creates an intensely rich color that highlights and harmonizes exquisitely. A new classic statement. Dramatically dark. And TruDefinition® Duration® Designer Colors Collection shingles come with the advanced performance of patented SureNail® Technology—a technological breakthrough in roofing. For a look of timeless luxury, choose the dramatic style of Black Sable.

TRANSFORM YOUR HOME

## SureNail® Technology

There's a line between a good shingle and a great shingle.™

It's the nailing line on your shingles. The difference between a good shingle and a great shingle is having Patented SureNail® Technology, only from Owens Corning.

### Outstanding Grip

The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond® sealant for exceptional wind resistance of a 130-MPH wind warranty.\*

### Breakthrough Design

Patented SureNail® Technology\*\* is the first and only reinforced nailing zone on the face of the shingle.

### "No Guess" Wide Nailing Zone

This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see strong, durable fastener zone.

SureNail®

**Excellent Adhesive Power**  
Helps keep the shingle layers laminated.

### Triple Layer Protection\*\*

A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, called the common bond area.

### Double the Common Bond

SureNail® features up to a 200% wider common bond area in the nailing zone over standard shingles.

For more information and to watch our videos on SureNail® Technology, go to [www.owenscorning.com/surenail](http://www.owenscorning.com/surenail).

**SEAL. DEFEND. BREATHE.™**  
TOTAL PROTECTION ROOFING SYSTEM™

It takes more than just shingles to protect your home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning® Total Protection Roofing System™ gives you the assurance that all of your Owens Corning roofing components are working together to help increase the performance of your roof — and to enhance the comfort and enjoyment of those who live beneath it.

 † Owens Corning strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colors and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual color. To accurately judge your shingle and color choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Color availability subject to change without notice. Ask your professional roofing contractor for samples of colors available in your area.  
 †† The amount of Triple Layer Protection™ may vary on a shingle-to-shingle basis. For patent information, please visit [www.owenscorning.com/patents](http://www.owenscorning.com/patents). SureNail™ Technology is not a guarantee of performance in all weather conditions. SureNail™ Technology is available only on Owens Corning Duration® Series Shingles.  
 ‡ 40-Year Limited Warranty on commercial projects.  
 § Applies for all areas that recognize Miami-Dade Product Control Section.
