Leave Your Mark

Finding cost-conscious yet effective ways to advertise your services is critical to the growth of your business. That's why RhinoRoof®/Titanium® are providing you the opportunity to customize your next order of RhinoRoof®/Titanium® Underlayment to include your company's logo.

Customized underlayment is ideal for jobs that have high levels of consumer exposure, such as corner houses, job sites that will be left exposed for an extended period of time, and houses that are visible from a highway.

To order your dual logo underlayment, please follow these steps:

1. Work with your local RhinoRoof®/Titanium® Area Sales Manager (ASM) or Inside Sales Rep (ISR) to complete the form on the reverse side.
2. Access an electronic file of your company logo as both an .EPS file and a .PDF file. If an .EPS is not available, a .PDF alone will suffice. (.EPS and .PDF are the only types of files that will be accepted.)
3. Send the fully completed dual logo order form and electronic logo file to:
branded.roofing@owenscorning.com
4. Approve your dual logo:
 - In approximately 3–5 business days, a RhinoRoof®/Titanium® representative will review a mock-up of the logo with you to approve or return to revise - this process will be repeated until all your changes are complete and you sign off for final approval.
 - 3–5 business days after the design is approved, a unique product code will be established for your dual logo product. You will be required to provide your unique product code in order to place your order.
5. Place your order:
 - Your order can now be placed with your distributor/dealer based on your unique product code.
 - Your order will be produced and delivered based on the order request from your distributor/dealer based on your unique product code.
 - Because of inexact material lengths, dual logo print quantities may vary +/- 10%; you will be invoiced for the exact quantity of material received.

Placing repeat orders:

- Call your distributor/dealer
- Specify you are ordering a dual logo product
- Provide your unique product code
