

THERMFIBER[®] MINERAL WOOL INSULATION

THREE-YEAR LIMITED WARRANTY

INTRODUCTION

Thank you for your recent purchase of Owens Corning[®] THERMAFIBER[®] Mineral Wool Insulation products ("Product") manufactured by Thermafiber, Inc. or Owens Corning[®] Mineral Wool, LLC (each referred to as "Owens Corning").

We believe we manufacture the highest-quality mineral wool insulation products, and that is why we stand behind the Products with one of the best warranties in the industry. We have attempted to write this warranty in clear, plain-English terms, including the limitations and restrictions, so you will fully understand the warranty we are making to you. Please note, however, that the terms contained here are subject to change without notice. If anything in this warranty is not clear to you, please call us at 1-800-GET-PINK[®] or visit our website at www.owenscorning.com.

WHO IS COVERED

If you live in the United States or Canada and you are the owner of a building or structure in which the warranted Product was installed ("Owner"), you are entitled to the benefits of this warranty.

WHAT IS COVERED

Owens Corning, subject to the conditions and limitations set forth herein, and provided that the Products were installed within six (6) months of the date of sale, warrants that its Product shall, from the date of installation and for three (3) years thereafter, when such Product shall have been properly installed and when subject to normal and proper use:

- be free from defects in material and/or workmanship that materially affect its performance in the home or building in which originally installed; and
- retain at least 90% of its advertised R-value.*

Owens Corning's obligations under this warranty will only take effect if the Product is installed (including both the original installation and reuse installation) in typical building and construction assemblies in strict accordance with all applicable Owens Corning specifications, recommendations, and guidelines that were in effect at the time of such installation.

Owens Corning Product shall only be placed into an assembly where the moisture transport mechanism is well understood and determined to be acceptable in accordance with accepted engineering analytical practice.

* R-value means resistance to heat flow. The higher the R-value, the greater the insulating power.

REMEDY

If, during the warranty period and because of a covered defect in material or manufacturing, the Product is determined by sampling

and tests (conducted as provided below) to not meet any of the performance requirements stated above, as Owner's sole remedy, Owens Corning will deliver to the Owner a quantity of equivalent Owens Corning Product to replace the non-performing Product or, at Owens Corning's sole discretion refund to the Owner the original purchase price of the non-performing Product.

OWENS CORNING'S TOTAL LIABILITY/COST HEREUNDER, FOR THE LIFE OF THE WARRANTY, IS LIMITED TO, AND CAPPED AT, THE ORIGINAL PURCHASE PRICE OF THE PRODUCT.

WHAT IS NOT COVERED

This warranty does not apply to and Owens Corning shall not be liable for any cause not expressly covered herein. This warranty does not cover any problems with non-defective material caused by conditions or handling beyond our control. Some examples of conditions not covered by this warranty include failures or defects in the Product caused by:

- causes beyond normal and proper use including, but not limited to, acts of God, war or terrorism, fire, flood, wind, or other weather damage, exposure to chemicals, or the environment; or
- failures or distortions in the building structure, or improper installation of neighboring products; or
- failure to install the Product strictly in accordance with Owens Corning's published installation instructions for the Product; or
- failure to install the Product in compliance with all applicable building codes; or
- damage to the Product caused by alterations made after completion of installation, including but not limited to structure changes, equipment installation, or other modifications; or
- non-manufacturing defects, including but not limited to improper storage, improper maintenance, neglect, accident, casualty, vandalism or misuse of the Product, or any other cause that disturbs or disrupts the Product as installed; or
- any costs incurred by you that are not authorized in writing, and in advance, by Owens Corning.

Further, this warranty does not apply to and Owens Corning shall not be liable for the compatibility of any other product (including but not limited to adhesives or coatings) with the Product.

This warranty shall be voided if, in Owens Corning's judgment, either damage or alteration of the Product (without prior Owens Corning written approval) has impaired Product performance.

No statement or recommendation made or assistance given by Owens Corning, or its representatives, either oral or in any literature or other documentation, to Owner or any other persons in connection with the purchase, use, or installation of the Product by or for the Owner, shall constitute a waiver by Owens Corning of any provision hereof or affect the liability of Owens Corning as defined in this warranty.

MANDATORY ARBITRATION

To the extent permitted by applicable law, Owens Corning and you agree to arbitrate all disputes and claims arising out of or relating to this warranty or the Product ("Dispute").
