

# PINK NEXT GEN™ FIBERGLAS™ INSULATION

This fact sheet contains important details about Owens Corning® Pink Next Gen™ Fiberglas™ Insulation. The chart below covers the entire line of Pink Next Gen™ products sold under the names FastBatt™, Cathedral Batt, Basement Blanket™, Sound Attenuation Batt (SAB), Flame Spread 25, and Sonobatts®. The chart includes all products, both unfaced and faced with Kraft paper, foil, polyethylene ("Poly"), FSK, or PSK.

## READ THIS BEFORE YOU BUY

### What you should know about R-values

The chart shows the R-values of this insulation. R means resistance to heat flow. The higher the R-value, the greater the insulating power. Compare insulation R-values before you buy.

There are other factors to consider. The amount of insulation you need depends mainly on the climate you live in. Also, your fuel savings from insulation will depend on the climate, the type and size of house, the amount of insulation already in your house, and your fuel-use patterns and family size. If you buy too much insulation, it will cost you more than what you'll save on fuel.

To get the marked R-value, it is essential that this insulation be installed properly.

R-VALUE	THICKNESS (INCHES)	WIDTH (INCHES)	LENGTH (INCHES)	PIECE SQ. FT.	PIECES/ PACKAGE	PACKAGE SQ. FT.
